

myBeOneSupport™

Welcome to the myBeOne Support program

Providing personalized support for eligible patients and caregivers during treatment with **BRUKINSA® (zanubrutinib)** or **TEVIMBRA® (tislelizumab-jsgr)**.

Simplifying access

Educating about your
treatment and disease

Connecting to
independent
organizations* that may
be able to assist with
day-to-day living support

*Independent third-party organizations have their own rules for eligibility. BeOne Medicines has no involvement in their decision-making or eligibility criteria. This information is non-exhaustive and not meant as an endorsement from BeOne Medicines.

For patients

myBeOne Support focuses on supporting you, so you can focus on treatment

Navigating insurance, financial, and patient support options can be confusing and stressful. Let your myBeOne Support Oncology Nurse Advocate help you with:

Simplifying access

- Assessment of insurance coverage
- Bridge supply during insurance coverage delays (BRUKINSA only)*
- Co-pay support for commercially insured patients*†‡
- Free medication for uninsured and underinsured patients†

Education and information about your cancer and treatment

Find out more about the assistance you may be eligible for at myBeOneSupport.com.

Day-to-day living support[§]

Living with cancer takes support, and myBeOne Support Oncology Nurse Advocates are trained to identify independent organizations[§] that can help address your needs, including but not limited to:

- Support from a licensed clinical social worker
- Information about local or virtual support groups
- Transportation and lodging assistance related to treatment

When a myBeOne Support Oncology Nurse Advocate was helping a caregiver with treatment access for her husband, she learned that the patient and caregiver had recently become the official guardians of their granddaughter. Living on a fixed income, they now had an additional financial burden.

Their dedicated myBeOne Support Oncology Nurse Advocate researched family assistance programs in their state and uncovered additional financial resources the family could seek to help cover expenses unrelated to treatment.

*Terms and conditions apply.

†Up to \$25,000 per calendar year.

‡The program will also reimburse up to \$100.00 per infusion administration fee for TEVIMBRA for patients who are eligible for commercial co-pay assistance.

[§]Independent third-party organizations have their own rules for eligibility. BeOne Medicines has no involvement in their decision-making or eligibility criteria. This information is non-exhaustive and not meant as an endorsement from BeOne Medicines.

For caregivers

Caring for a patient? The myBeOne Support program also has resources for caregivers

Taking care of yourself while trying to care for someone else can be difficult. Oncology Nurse Advocates are here to help address these challenges.

Whether you need information or assistance finding patient support and resources, or just have general questions, your myBeOne Support Oncology Nurse Advocate may be able to help.

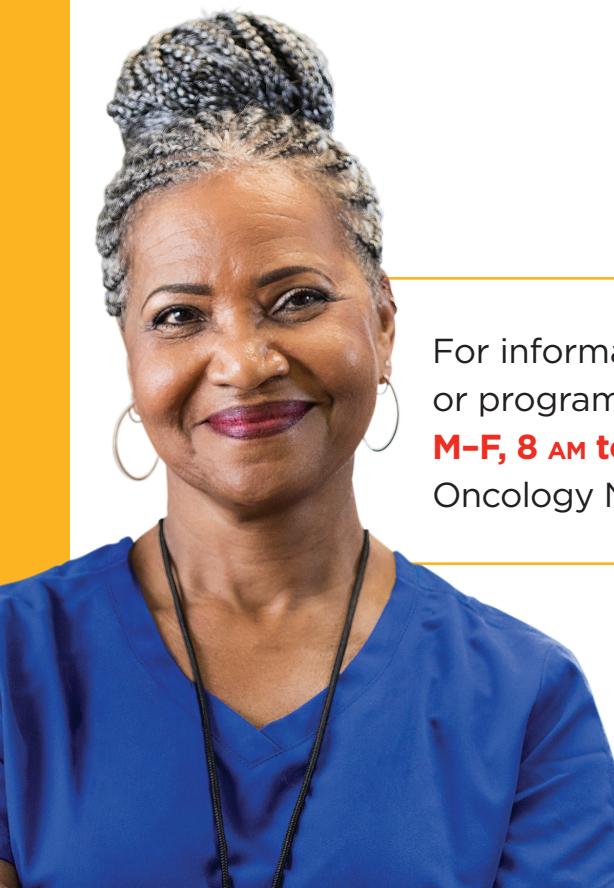

Experienced 1-on-1 support, customized to your unique needs

Our Oncology Nurse Advocates cover all 50 US states and some US territories.

Our myBeOne Support Oncology Nurse Advocates have extensive experience working with and supporting people with cancer and their caregivers. They can develop an assistance plan specific to your needs.

98% of enrolled patients say they are very or completely satisfied with myBeOne Support.*

*Based on a 2024 satisfaction survey of practices and patients or caregivers (n=150) who called the myBeOne Support program.

For information about patient eligibility, support, or program enrollment, call **1-833-234-4363**, **M-F, 8 AM to 8 PM ET**, to speak with a dedicated Oncology Nurse Advocate.

“ My Oncology Nurse Advocate was there with me every step of the way. Their support simplified my access to treatment and helped me to focus on other things. ”

To help meet your needs, myBeOne Support pairs eligible patients with an Oncology Nurse Advocate who can personalize support for you during treatment.

Program services include:

Simplifying access

Your Oncology Nurse Advocate can help support you in navigating insurance coverage, so you can focus on your treatment and day-to-day living.
